Welcome to Fields on West Lake – Truly as Unique as your event

Ceremonies are possible inside

Ceremonies are possible here outside

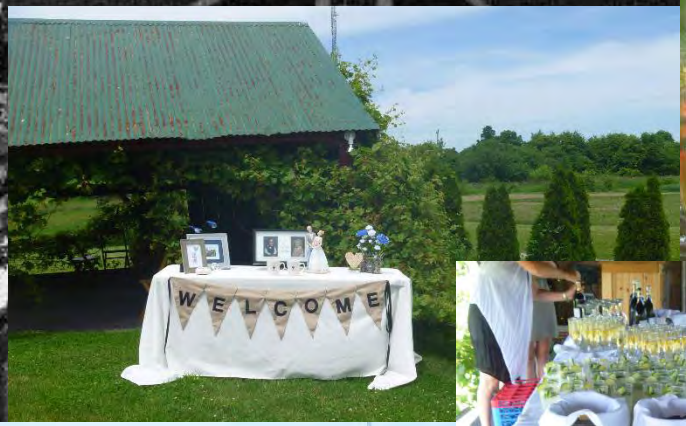

Cocktails after a wedding seem ideally suited to the area behind our barn

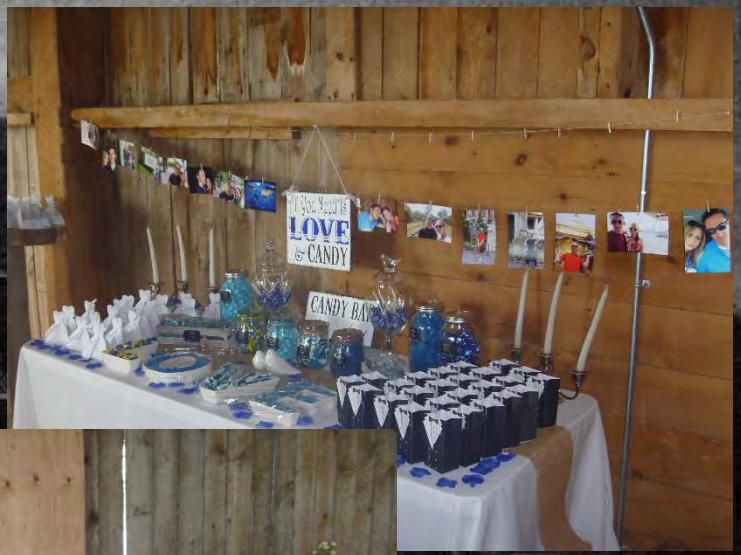

The options within our barn are many such as various tables from sign in to memory to candy to whatever you would like

Setup in the barn is done with round or rectangular tables (or a combination of the two) - with the head table on or off the stage

Setup in the barn is done by us. We can do formal settings or the less formal cocktail style - whatever you imagine - and of course bands are always welcome!

Lighting and all decoration is done by us – we welcome the chance to do new things…perhaps something you have seen on Pinterest – but when it comes to flowers we like to see Blooms on West Lake do the work whenever possible

Lighting options include our paper balls (as our standard offer) or bare bulbs with or without chandeliers (for an additional sum)

If it’s a hot day our doors are open – if its cold we have lots of heating options to guarantee that you are warm enough even in early in May or late October

As for food we are very pleased to work with 5 independent caterers who between them offer a very wide range of options from cocktail style to simple BBQ to the very best full service options

We operate a fully licensed bar and offer a broad range of options from cash to our open bar package.

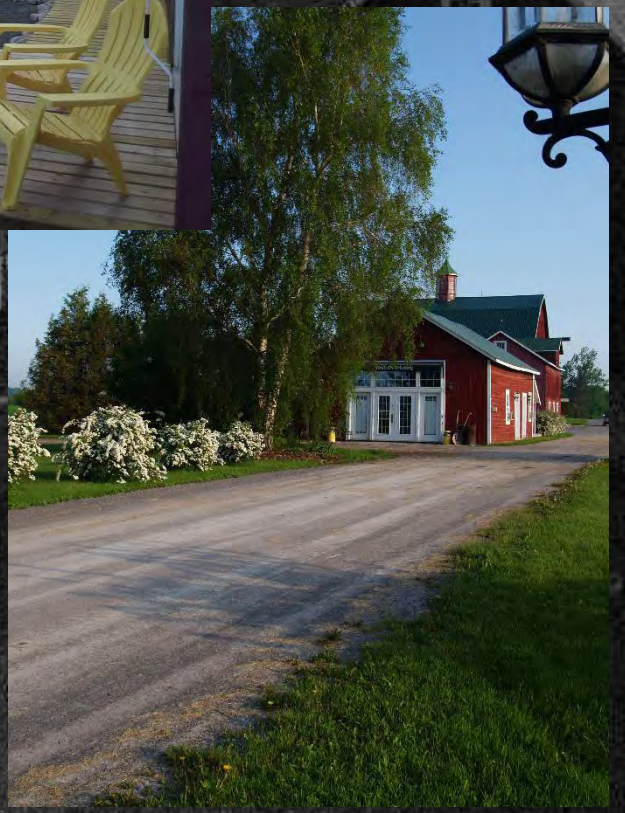

Whether getting ready or at the end of the day we have room for up to 20 of your family in our Fields Farm House Inn, Carriage House and the Studio

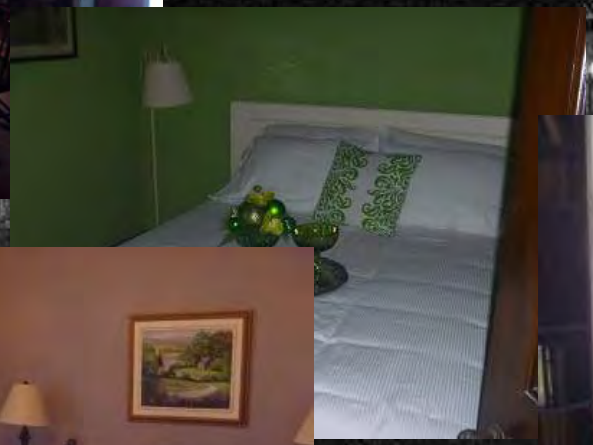

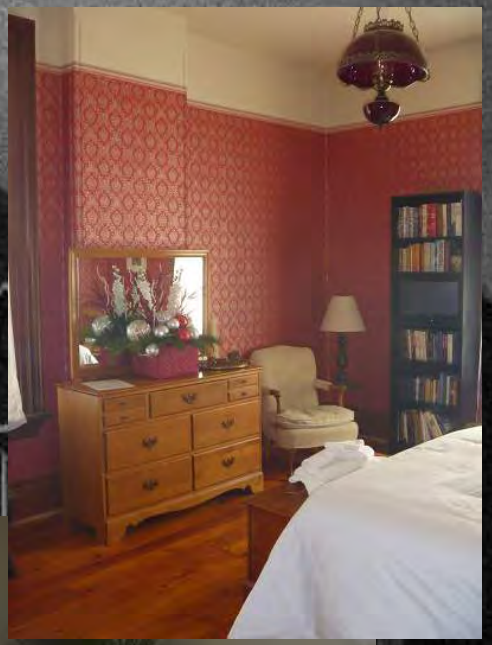

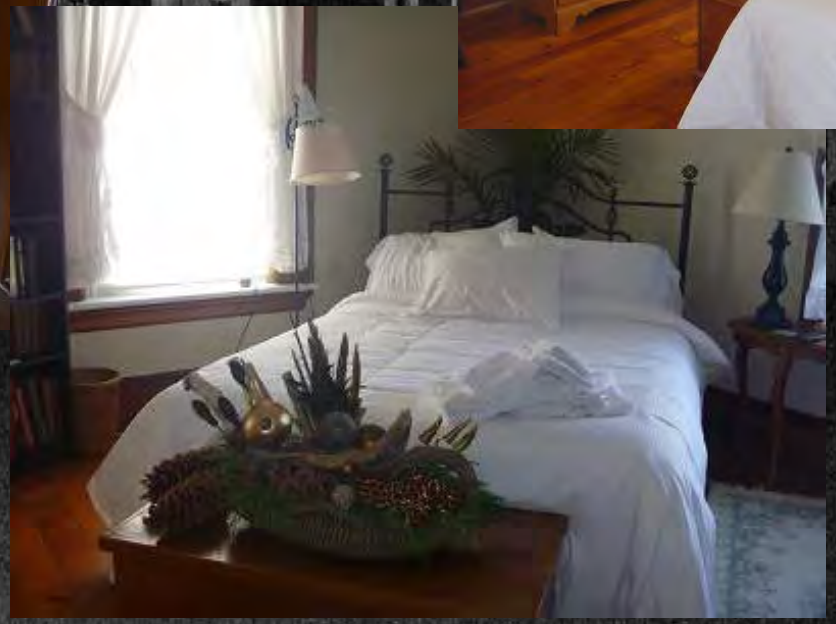

Our suites all have queen size beds, are fully air conditioned and we offer a continental breakfast with all of our rooms

Heading into our 12th season – we look forward to the chance to show you what we have to offer.
